## ***Lake Nasser Holiday - Egypt***

### **Lake Nasser Cruise & Nubian Desert Trekking**

**(Trekking - Navigation - Visits - Sun - Nature - Culture - History - Discovery)**

If you enjoy nature and the out of doors then here is a chance to experience a totally unique open-air adventure which is also ideal for families. Come on a small boat safari to explore Lake Nasser's magnificent desert landscapes and biodiversity.

Without a doubt it is one of the most impressive regions of Upper Egypt. Far away from the modern life and a few cruise ships on the lake, you will have the privilege of discovering between Aswan and Abu Simbel, some very interesting ancient Egyptian temples like Kalabsha, Bet el Waly, Wadi el Seboua, Dakka and Amada, saved from the rising waters. You will have the occasion to observe a very rich fauna, sheltering the last colonies of Nile crocodiles, a huge variety of birds (Ibis, Nubian geese, storks, pelicans,

flamingos, herons, egrets and other birds), monitor lizards, gazelles, jackals, fennecs and the famous Nile Perch. Swimming in fresh lake water, navigation and beautiful desert walks are important activities of our 6days safari program on the lake.

Our small groups will enjoy the hospi-

tality of our boat staff and be guided by an English speaking guide. Our boats are especially conceived for this kind of traveling and lake conditions, you will explore this real inner ocean of fresh water and untouched nature. Sometimes we might meet a Nomads Bedouin or a local fisherman on our way.

One of the highlights is visiting the temples of Abu Simbel which are among the most magnificent ancient monuments in the world. It will leave you with an unforgettable holiday experience.

## Climate - 5

The area enjoys a dry desert climate that is neither humid nor oppressive, which makes it an ideal environment. There are hardly any mosquitoes. The area is always dry and sunny, rain is very rare. The winter months from December to the end of February are more prone to the wind than the summer, however the wind doesn't last for more than few hours.

From mid October to April the nights and early mornings can be cold and temperatures might drop to 8°C, so remember to bring warm clothes and a warm sleeping bag. During the day, temperatures climb again to over 25°C.

The day temperatures from April to June are similar to warm summer in Europe. In the middle of the day, temperatures average about 30°C but can reach 35°C+. The hottest months are August and September when the temperature can reach 40°C. On the lake the temperature is always a few degrees lower due to the cooling effect of a large body of water.
